

# BestPLUS Recycled Plastic Bench

**BestPLUS recycled plastic benches feature durable and environmentally friendly materials that are entirely maintenance-free.**

BestPLUS boardwalk benches are ideal for high-traffic seating areas in parks, campuses, snack bars, gardens, and more. The recycled plastic lumber is weather-resistant and waterproof, making this bench perfect for outdoor use year-round.

## Made in the USA.

Made from recycled plastic lumber, BestPLUS boardwalk benches are sustainable and promote a circular economy. BestPLUS products and materials are extremely durable; that means no splintering, breaking, rot, or decay. There is no maintenance required: no painting, staining, or sealing. The benches ship fully assembled for quick and easy installation on any flat surface.
